March 2023

Hello members!

Annual General Meeting

Thank you to those who joined our first virtual AGM last month. It was great to see a wide group with all aircraft types represented; and lovely to span the globe with Robert Scott dialling in from British Columbia Canada, Bruce Hutchinson from Norfolk Virginia and John Bewick from Perth Australia – BZ John for being so prompt and waking in time for a 0400 start!

Minutes from the AGM, which includes the Chairman's and Treasurer's reports, can be found at the following link [AGM 23 Minutes](#).

The key success of the AGM was voting in our newest committee member, Commander Chris Jones, CO 824 NAS. Chris is a fantastic addition and really does enhance our links into the FAA of today...and significantly reduces the average age of the Committee! Highlights also included an overview of current FAA operations from Commodore Andy Rose and a social 'virtual' drink together to conclude.

Membership 23

It was announced during the AGM that membership for 2023 would be £5 for existing members, except for those who joined in 2022 after the Reunion, whose membership of £10 would carry over. We do have a couple of very organised members who have already paid £10 for this year. Please just drop me a line and the Treasurer will reimburse you. For all other renewals, can I request a simple transfer of £5 to the account below. No need to complete another joining form.

Redrat 20th Anniversary

There was a good turn out of serving and retired at Culdrose on 22 March to commemorate the 20th Anniversary since the loss of Redrat 34 and Redrat35 during Op TELIC. We thank Lt Cdr Dave Thomas from 824 NAS for organising the event and for our friends at Thales for sending flowers.

Remembrance Sunday Cenotaph Parade 2023

The RBL have already asked for intended numbers for this year's parade with our bid for places required by mid May. If you are interested in taking part on Sunday 12 November then please RSVP at the following link [Remembrance Sunday RSVP](#). This year we hope to return to the In and Out for lunch on completion of the Parade and FAA Service on Embankment.

Quarterly Newsletters

Finally, following the AGM, the Committee have decided that the monthly newsletter will convert to a quarterly edition, so expect the next edition to drop at the end of June. In the meantime please continue to send in any notices you may have!

Yours aye,
Admin Director
